Monte Schiavo winery is situated in Maiolati Spontini, near Ancona, in the heart of the traditional Verdicchio dei Castelli di Jesi region. All our vineyards grow on the bright, sundrenched, south south-west slopes of the gentle hilly spurs.

Monte Schiavo was born in 1978 as Monte Schiavo Farmers' Co-operative. It has belonged to Pieralisi group since 1995. Pieralisi group has been working in the sector of Industrial Farm Machines successfully for 50 years.

The Pieralisi family has always fulfilled its passion for the land by developing technologies which have made man's work easier and more effective. Our passion resulted in the establishment of a winery with a rigorously short production chain, which is capable of directly managing the entire production cycle, in line with the most modern standards of hygiene and quality.

Today Monte Schiavo is a modern and dynamic company which produces a large range of high quality wines. The total area is 115 hectares.
