

Brindisi

Foundation Year: 1972

Property: Rizzello Family

The Rizzello family owns 200 hectares of land, of which 120 are farmed with the sapling and espalier system. The remaining part will be planted, researching the uniqueness of the Salento territory and enhancing ancient native vines such as Negroamaro, Malvasia Nera, Malvasia Bianca, Susumaniello and Primitivo. The practice of clean and sustainable agriculture is an objective that we pursue on a daily basis.
